# THE ART OF LIVING

THE COTTAGES • SUNFLOWER TERRACE • BETHANY HOME

At Bethany Village, we believe seniors should be empowered creatively, spiritually, and emotionally to do what they do best. Where others see challenges, we see potential. Where others see loss or decline, we see opportunity and capacity.

Through tapping into the talents of our residents, the rich arts and cultural life in Lindsborg, and inspiration from our Creator, we engage our community of seniors with creative activities, lifelong learning, and intergenerational opportunities—as well as instill a healthy sense of self-fulfillment, value, and friendship. Whether you're a tinkerer, crafter, gardener, musician, quilter, or simply one who appreciates the world of creativity, Bethany Village's "art of living" philosophy helps you make your golden years as healthy and dynamic as possible.

## WE BELIEVE

- People aren't content to simply live longer— we want to age well
- Seniors should be able to take part in their favorite activities
- Creative arts benefit body, mind, and spirit—and offer opportunities for connection with others
- Using our creative gifts helps us live in and share God's love
- Our organization thrives when our staff is encouraged to be imaginative
- Creativity takes skill and practice, especially the art of care
- Creative living should be inclusive of all people, no matter the ability
- Creativity and the "art of living" philosophy, is built on profound respect for each other

## THE ART OF LIVING

### SUNFLOWER TERRACE HISTORY

Bethany Home Assisted Living opened on March 25, 2014. They adopted the name of Sunflower Terrace by Bethany Village in 2020 and the Ekdahl expansion was completed in 2021. Sunflower Terrace is licensed to care for up to 50 people.

There are various apartments available including studio, one, and two bedrooms.

Rent at Sunflower Terrace includes all utilities, Wi-Fi, and access to nursing staff 24 hours per day. Meals, housekeeping, laundry, phone, cable TV, and other services are available for an additional fee.

Sunflower Terrace is staffed at all times by Certified Medication Aides (CMA). A Licensed Practical Nurse (LPN) is in the facility Monday through Friday during business hours and is on call 24/7. A Registered Nurse (RN) is also available throughout the week and on call 24/7.

Staff provide monthly vital signs checks and weight checks free of charge. Additional nursing services may be arranged as necessary and are based on resident need/preference and may include: medication set-up or management/administration, pacemaker checks, assistance with personal care, nail care, blood sugar monitoring, personal laundry service, whirlpool baths, and cueing/reminders for activities of daily living (ADLs). (See levels of care and fees)

Residents may drive their own vehicles (with a valid license) and open parking is available. Transportation within Lindsborg city limits is free of charge for residents of Sunflower Terrace through the Lindsborg 'Dala bus', public transportation. Residents may schedule trips via the Dala bus as needed, Monday through Friday. Residents may also opt to have their families (or staff, depending on availability) assist with transportation as well.

#### **Criteria that must be met to be able to live at Sunflower Terrace:**

- ◆ No ongoing physical or medical condition requiring a two-person transfer
- ◆ If mobility is an issue, the resident must be able to exit the building in case of emergency without need for total assistance
- ◆ If incontinent, the resident must be able to participate in management of the incontinence.
- ◆ No ongoing skilled nursing needs, requiring 24/7 nursing intervention
- ◆ No behavioral symptoms that exceed manageability or require use of a restraint

Some Medicare benefits may be available under outpatient or part B benefits. Hospice and home health services are welcome in the facility. Hospice services will require family or hospice staff support per the individual's need but may require a more intensive level of care setting, such as our long-term care facility.

Currently, Medicaid or HCBS are not funding sources for our assisted living, however some long term care insurances do provide funding, if a physician can support the need for this level of care. Private resources and long-term care insurance are our primary source of payment.
